Community investment and partnership remains vital to growth at Ascension Seton Williamson. To support the expansion of the hospital, the Ascension Seton Williamson Foundation launched **HereCare**, a philanthropic campaign that will accelerate growth and innovation through the recruitment of world-class physicians, development of quality specialty care, and procurement of leading-edge technology. **Thanks to our generous donors, this campaign will serve as a catalyst for the growth and impact of healthcare in our community.**

Over the last year, philanthropy funded various critical programs, including: **14 nurse scholarships** to Ascension Seton Williamson, Ascension Seton Northwest, and Ascension Seton Highland Lakes and **Caring for the Caregiver**, which focuses on the well-being of our frontline healthcare workers who give so much to our patients. These programs recognize and rejuvenate our associates and express the gratitude we all feel for their commitment to our community.
